### **1. Call to order**

Called to order 1831 by Brittany

### **2. Round table updates**

Motion to accept minutes by Brittany, second by Candi

### **3. Fiona's update**

See attached

Questions: Will there be changes to isolation periods for travelling now that the vaccine has rolled out for kids?

Answer: RVS will follow the instructions of the government, both federal and provincial

### **4. Katt Hryciw teachers update**

See attached

### **5. Admin report**

Update on outcome based professional learning day, trying to get away from percentages. It's a significant paradigm shift. There's a need to educate parents. They are working on ways to help parents understand. Feedback into that would be great, ideas on ways to engage parents.

Looked at survey from last April, do we need to adjust our goals as a school. Presentation is being compiled and edited before being emailed out to the public. Take the info to staff and align it with education plan and areas that need to be focused on.

### **6. Question/New business**

Is hot lunch something that we would consider having? Administration decided to hold off on hot lunch until Covid protocols loosen up to make distribution easier. It is something that will be looked at again in the future. As a school we are still getting a number of positive tests per week.

Who organizes? Some schools fundraising committee does it, other schools organize it themselves. In the past it was done by the school at Manachaban. Fiona said its best through the school not just because of budget/financial reasons but because of insurance requirements.

### **7. Motion to adjourn 1922**
